

# Senator Heidi Heitkamp's NATIVE AMERICAN VETERANS SUMMIT

SATURDAY, JUNE 14, 2014 • 10 am – 4 pm

Native Americans continue to serve our nation and state proudly through their strong commitment to military service. Per capita, Native Americans serve in the military at a rate four times higher than any other ethnicity or race. But too often, they don't get the health care, housing services, or benefits they deserve – even after they put their lives on the line to defend all of us. That's why I'm hosting a Native American Veterans Summit on June 14 on the campus of United Tribes Technical College in Bismarck. The Summit will give Native American veterans a chance to be heard about the challenges they face, and help all of us learn more about how best to connect Native American veterans in North Dakota with the resources and support they have earned. I look forward to seeing you at the event.
